Footnotes: Data is for closed deals filed with the city this week through Thursday. The chart only includes sellers' brokers, because buyers' brokers' names are not available in city data or listings. The data does not include deals in contract. To obtain broker information, listing information was compared with sales records filed with the city. Only deals where an individual broker and address can be identified are included. As a result, private sales, listings where an address has not been provided and new development sales by a sales center are not included. Sources: Streeteasy.com and *The Real Deal*.
